DETAILED ACTION

Allowable Subject Matter

1. Claims **1-23** are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose the following combination of limitations comprising a method (200) for verifying a video format supported by a display device (25), the display device (25) adapted to receive a digital television signal from a digital video source (10) via a digital video interface (15), the method comprising: receiving (202) a data structure (75) provided by the display device (25), the data structure (75) specifying a plurality of timing parameters associated with a supported video format; providing (204) a plurality of predetermined value ranges, each of the plurality of predetermined value ranges corresponding to one of the plurality of timing parameters; separating (206) the received data structure (75) into a plurality of portions, each of the plurality of portions corresponding to one of the plurality of timing parameters; comparing (208) at least some of the plurality of portions with at least some of the plurality of predetermined value ranges; and based on the comparisons, determining whether the supported video format is verified, as in claim 1; and, an apparatus for verifying a video format supported by a display device (25), comprising: a computer-readable storage medium (64); and a processor (39) responsive to the Computer-readable storage medium (64) and to a software program (22), the software program (22), when loaded into the processor (39), operative to perform a method comprising: receiving (202) a data structure (75) provided by the display device (25), the data structure (75) specifying a plurality of

timing parameters associated with a supported video format; providing (204) a plurality of predetermined value ranges, each of the plurality of predetermined value ranges corresponding to one of the plurality of timing parameters; separating (206) the received data structure (75) into a plurality of portions, each of the plurality of portions corresponding to one of the plurality of timing parameters; comparing (208) at least some of the plurality of portions with at least some of the plurality of predetermined value ranges; and based on the comparisons, determining whether the supported video format is verified, as in claim 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
